- **Phone:** +27 71 687 6919

1. Introduction

Nu Skool is seeking quotations for the development of a web-based interactive learning website. The website will cater to various segments with multiple course contents and will require a user-friendly interface.

2. Project Requirements

2.1 User Interface (UI)

- Easy to use and navigate
- Responsive design for compatibility with various devices (desktop, tablet, mobile)

2.2 Course Content

- Multiple courses across various segments
- Ability to upload and manage course content (PDFs, videos, etc.)
- Instructional design elements for interactive learning

2.3 User Management

- Unique user logins based on subscription
- Family subscriptions with individual logins for each family member
- Role-based access control to manage visibility of course content based on subscription level

2.4 Subscription Management

- Subscription plans for families
- Different levels of access based on subscription type
- Secure payment gateway integration

2.5 Content Management

- Upload and download functionality for PDFs and videos by instructors/owners
- Online completion of training material sections by learners

3. Technical Requirements

3.1 Platform

- Web-based application
- Scalable architecture to accommodate future growth
- Possible application development

3.2 Security

- Secure user authentication and data protection
- Compliance with relevant data privacy regulations

3.3 Integration

- Integration with third-party tools and services as needed

4. Deliverables

- Fully functional web-based interactive learning website
- Documentation and user manuals
- Training for administrators and instructors

5. Timeline

- Project start date: 5 January 2025
- Project completion date: 5 February 2025

6. Budget

- Please provide a detailed cost breakdown for the project, including any ongoing maintenance and support fees.

7. Submission Guidelines

- Quotations must be submitted by 5 December 2024
- Please include references to similar projects completed
- Full company profile
- Contact information for follow-up questions
- Submit to RFQ@ameliorate.co.za

8. Evaluation Criteria

- Cost
- Experience and expertise
- Proposed timeline
- Quality of previous work
